CURRICULA HIGHLIGHTS

The Healthy Native Youth website currently houses 16 culturally responsive evidence-based curricula designed to celebrate American Indian and Alaska Native (AI/AN) youth of all ages.

You can compare curricula and download lessons at [https://www.healthynativeyouth.org/curriculum/](https://www.healthynativeyouth.org/curriculum/)

**Native It’s Your Game**
*Middle school; flexible program setting*

Native It’s Your Game (N-IYG) is a web-based HIV, STI, and pregnancy prevention curriculum for American Indian and Alaska Native youth ages 12-14.
[https://www.healthynativeyouth.org/curricula/native-its-your-game/](https://www.healthynativeyouth.org/curricula/native-its-your-game/)

**Native STAND 2.0**
*High school; flexible program setting*

Native Students Together Against Negative Decisions 2.0 (Native STAND 2.0) is a comprehensive sexual health curriculum for Native high school students that celebrates culture and identity.

NS2.0 Modernized Lessons
[https://www.healthynativeyouth.org/curricula/native-stand-2-0/](https://www.healthynativeyouth.org/curricula/native-stand-2-0/)

**BRAVE**
*High school, young adults; flexible program setting*

The multi-media BRAVE intervention was designed for AI/AN teens and young adults to amplify and reinforce healthy social norms and cultural values.
[https://www.healthynativeyouth.org/curricula/brave/](https://www.healthynativeyouth.org/curricula/brave/)

**Standalone Lessons**

Free standalone lessons that can be easily incorporated into lesson plans. These can be combined with other curricula or they can be implemented as one-off activities.
[https://www.healthynativeyouth.org/enhancement-activities/](https://www.healthynativeyouth.org/enhancement-activities/)

**Celebrating Our Magic Toolkit**

Celebrating Our Magic Toolkit is a culturally-specific resource for AI/AN communities and aims to provide resources for transgender and Two-Spirit youth, their relatives, and their healthcare providers.
[https://www.healthynativeyouth.org/resource/celebrating-our-magic-toolkit/](https://www.healthynativeyouth.org/resource/celebrating-our-magic-toolkit/)

Implementation Toolbox
CREATING HOLISTIC AND INCLUSIVE EDUCATION PROGRAMS

The Implementation Toolbox is your roadmap to creating a sustainable and culturally relevant sexual education program within your community. This toolbox is designed to empower you - to help you make thoughtful decisions about meeting your community needs and to support your youth.

There are 5 key phases: gather, choose, prepare, implement, and grow. Within each phase we include specific ways to increase community buy-in, get youth support, and we even give you the tools to do so.

These tools include ready to use templates such as Community Needs Assessment surveys, Memorandum of Understanding drafts, and mindful Classroom Engagement strategies.

Community buy-in is fundamental, from tribal leaders to the school board to parents and caring adults. Every tool can be adapted to your specific community and cultural needs.

If you feel ready to dive right in, go for it! If you need a little more information or if you have questions, that’s fine, too. We offer technical assistance and we’re here to help.

Keep an eye out for these Indigi-icons as you explore HealthyNativeYouth.org!

*YOUTH VOICE: Stay connected beyond programming*
Ya’at eeh! My name is Michelle! My pronouns are she and her. Give yourself a high five from me! I’m glad you’re here!

Talking with youth about sensitive topics is never easy, but it’s important. You are your teen’s biggest influencer when it comes to making decisions about sex and healthy relationships.

Text EMPOWER to 94449

You’ll receive up to 3 text messages per week with conversation starters, tips, video demonstrations, and words of encouragement.

We’ll cover sexual health, pregnancy, STDs, and consent. You don’t need to have all the answers, you just need to start talking – be open and honest – and keep at it. Talking with your teen will help them make healthy decisions.

#TalkingIsPower #weRnative #HealthyNativeYouth

Talking is Mental Health and can spark healing, growth, and connection with our youth.

MIND4HEALTH

A Text Messaging Service for Caring Adults

This text message series will offer tips to help you talk with youth about mental health and wellness skills, and how you can model self-care and share mental health resources when needed.

You’ll receive 1 to 2 text messages a week with conversation starters, tips, video demonstrations, and words of encouragement. We’ll walk you through three steps to help fill your Mental Health toolbox: Respond, Heal, and Grow. In the Respond phase, you’ll learn how to support youth with their mental health. In the Heal and Grow phases, we’ll use our Indigenous lens to put things into context - sharing tips and tools to support your own mental health. Throughout the series, we’ll share inspirational messages from your Relatives, so you know you’re not alone.

TEXT “MIND4HEALTH” TO 65664

I just want to let you know that I’m here if you ever want to talk about anything, big or small.

#mind4health #HealthyNativeYouth #TalkingisPower
We all need a little support from time to time. No worries! You’re not alone. If you or a friend are in crisis...

Text “Native” to 741741 for free 24/7 counseling support

You can help those you care about by letting them know you’re around if they need to talk. Need support? Talk to a trusted adult for help.

Scan the QR code using your phone for Native Youth Support Resources

#WeRNative #CaringMessages #CrisisTextLine
You’ve heard about STEM careers, but do you know about the diverse opportunities for students in Public Health? Unfortunately, COVID shined a spotlight on Public Health practitioners, and the role they play that many of us weren’t even aware of.

But public health is truly Indigenous. Tribes have been protecting the health of their land, water, air, and people since time immemorial. Using cultural teachings to hunt and prepare indigenous foods, using traditional plants as medicines, hosting talking circles to support mental health... are all CORE aspects of public health.

To best serve our communities, we need more Native public health professionals working in the field. We need:

- Health Educators
- Climate Change Advocates
- Data Technicians
- Community Planners
- Psychologists/Behavioral Specialist
- Lawyers
- Computer Scientists
- Multi-Media Artists
- Social Workers
- Writers
- Social Media Managers

This campaign includes:

- Posters/Flyers
- Post Cards
- Pens
- Tabletop Signs
- USB drive with digital downloads

Share campaign materials:

- Classrooms and School hallways
- Career Centers and Vocational Education Centers
- Clinic waiting rooms
- Tribal Buildings
- Community gathering areas such as coffee shops and gas stations
- Boys and Girls Clubs
- Native Communications Outlets
- University Student Unions
There Are Two Ways You Can Help

You can help us inspire them. The INPSIRE text messaging campaign is designed to share diverse Indigenous voices, and the pathways youth can take to work in public health.

Help youth text “INSPIRE” to the short code 94449. Youth who sign up will receive 2-3 text messages per week for 8 weeks. Throughout the series, we’ll share tips and ideas to help them on their academic journey.

- Minority HIV/AIDS Fund (MHAF) through Indian Health Services (IHS)

Inspire video credits to Robert Cuadra film director and owner at Twilight Dawn
Get Yourself Tested
Video Brochures

The Get Yourself Tested (GYT) campaign encourages young people to get tested and treated for STDs and HIV to protect their health and the health of their partners.

Three (3) GYT video campaigns are embedded in the video brochures. Video brochures or video pamphlets, are new tools to share digital video messages. No need for Wi-Fi, no need for iPads or laptops, just open it like any other print material, and the video plays automatically.

Use the USB cable to plug the brochure into a Mac or PC. (It should function similar to a thumb drive or other external memory.)

Tips for using these video brochures in Tribal communities:

- Set them in Tribal service buildings such as: health clinics, gyms, administration buildings, schools, local stores, and businesses.

- Have them available in clinic waiting rooms or place them in information packets provided to patients.

- Hand-out at school or community events and health fairs.

- Engage your audience with a combination of print and video at the same time. Download the materials from the NPAIHB website, or request more.

- Promote the materials during Health Observances and holidays, such as: February - Valentine’s Day; April - STD Awareness Month; May – Teen Pregnancy Prevention Month; or June - PRIDE Month, etc.

We Appreciate Your Feedback

Please share how you’ve used the materials in your community.

Thank you to our funders:

- Minority HIV/AIDS Fund (MHAF) through Indian Health Services (IHS)
- The Office of Public Affairs (OPA) through U.S. Department of Health & Human Services (DHHS)
The creation of safe, inclusive, and welcoming spaces is critically important to provide holistic wellness for 2SLGBTQ (Two Spirit, lesbian, gay, bisexual, transgender, and queer/questioning) community members. A safe space is a place, program, or community that is intentionally working to affirm 2SLGBTQ identities. For many Native youth, having the knowledge that 2SLGBTQ allies exist across their tribal community can help create a welcoming and safe environment.

Creating welcoming spaces is a continual process; one that requires accountability and buy-in from everyone who create the space and access it. There are several ways we can create welcoming spaces, especially in the clinical and educational environments.

The Adolescent Health Team at the Northwest Portland Area Indian Health Board (NPAIHB) is pleased to announce the availability of health promotion materials for tribal clinics and those who engage with Native youth (such as health educators, teachers, advisors, counselors, coaches, youth recreation staffers, etc.) to support and provide an affirming environment for 2SLGBTQ youth. The campaign materials – Loved Here, Safe Here. – can be posted, printed, or shared with your networks.

In this shipment you will find:

- Posters
- Window clings
- Temporary tattoos
- Magnets
- Enamel Pins
- Stickers
- Children’s books (Sassy Sassafras)
- Coloring book (Sassy Sassafras)

These youth-friendly materials are designed to promote HIV/STI testing, spark conversations around sexual health topics, and encourage access to We R Native (www.wernative.org), a multimedia health resource for Native youth, by Native youth. You will find:

- Sassy Sassafras Two Spirit Children’s Book (and companion coloring book) – A children’s book based on a southeastern woodlands Indigenous wisdom. The book captures a heartfelt encounter between the two authors, retold through a story about Sam/Samantha, a Two Spirit person, and Miss Mary, a tribal elder.
- Get Yourself Tested (GYT) – The GYT campaign encourages young people to get tested and treated for STDs and HIV to protect their health and the health of their partners.
- Text SEX to 94449 – A text message service for Native youth and young adults designed to deliver sexual health information to prevent HIV/STIs.
- Ask Your Relatives – An online anonymous Q&A service for Native Youth and young adults ages 13-24 years old on We R Native (https://www.wernative.org/ask-your-relatives).
- Caring Messages – Caring Messages is an evidence-based suicide-prevention intervention. Youth can sign up for the text message series and will receive 2 texts per week with messages design to improve their mood and remind them how awesome they are.
- BRAVE – A culturally-relevant mobile health (mHealth) intervention designed to improve healthy relationships, promote cultural pride and resilience, and increase help-seeking skills among AI/AN youth 15-24 years old.
Tips for using these campaign materials in Tribal communities:

- Hang the posters in Tribal service buildings, such as: health clinics, gyms, administration buildings, schools, local stores, and businesses.

- Use the temporary tattoos, stickers, magnets, and enamel pins to hand-out at school or community events and health fairs. Have them available in clinic waiting rooms or place them in information packets provided to patients.

- Download the materials from the NPAIHB website and post them on your Tribe’s website or social media pages.

- Promote the materials during Health Observances and holidays, such as: February - Valentine’s Day; April - STD Awareness Month; May – Teen Pregnancy Prevention Month; or June - PRIDE Month, etc.
